PRESIDENT
UNIQUE MINERALS INC.

CEDAR VALLEY UT 84103

Dear Mr. McCurdy:

Thank you for your June 23, 2003 letter withdrawing the appeal Dick Stone submitted on Monday, June 16, 2003. We are treating your letter as a concurrence with our \$11,194.00 reclamation cost estimate, and are forwarding that information to the Utah State Office (USO) of the Bureau of Land Management (BLM). When the USO receives the information they will issue you a notice allowing you 60 days to submit an acceptable bond to their office. If you fail to submit the bond within that time, Unique Minerals Inc.'s (UMI) Notice will expire, and reclamation must begin within 30 days of the missed deadline. If UMI fails to conduct the reclamation, we will pursue all the parties who were claimants at the time the disturbance was created before we contract out the work ourselves, and subsequently bill all the liable parties for the cost to the United States Government.

We have not yet received a complete Plan of Operations (Plan) from any other parties to conduct operations at the Spectrum Quarry, but would like to inform you of the BLM's policy should both another party and UMI file Plans for that site:

"If two or more operators file a Plan of Operations on the same area, BLM will notify the respective claimants and/or

operators of the conflict. BLM will review each Plan based on the requirement to prevent unnecessary or undue degradation. Where there are mutually exclusive proposals that do not enable BLM to evaluate the environmental impacts of the Plans, BLM may decide to withhold approval on conflicting or overlapping segments of either Plan until the priority rights have been resolved between the operators."

Priority rights between rival claimants are not determined by the BLM, but are decided in a court of competent jurisdiction.

If you have any questions, please feel free to contact Jerry Mansfield at (435) 743-3125.

Sincerely,

Rex Rowley
Field Office Manager
